

2F Collection floor

There is a lot of models of airplanes, ships, trains and cars from old times to present day. And You can try riding the motorman's seat of train or bicycles. The train is simulator. You should stop the train at the next station.
And You can run by bicycle simulator around various area.

3F Panoramic floor

We have a huge model of traffic systems of the near future.

4F panorama deck

There are four capsules and in them, you can see computer graphics or animations.

Outside playground

You can ride on the funny bicycles. It costs 100 yen for thirty minutes on the bikes.
And there is real streetcar. It was bombed at second world war in 1945.
But the train was repaired in next year and running at Hiroshima until 2006.
How would you like to look it and think about peace?
